Volume 5

July 2005

## Hours of Operation

**Monday, Wednesday, Friday**

6:30pm—Dark

- **Saturday**  
by Appointment Only
- In case of rain, plans will be to pick the next day—best to call for confirmation.

## Vegetables Available

The vegetables that will be available first are: lettuce, zucchini, yellow squash, cucumbers, red potatoes, and green & yellow beans.

Later, we plan to have peppers, beets, tomatoes, white potatoes, Swiss chard, dill, basil, butternut, acorn, & spaghetti squash, and pumpkins.

## Pick Your Own Produce

Greetings from our farm! We invite you to come to pick summer vegetables. We are USDA certified organic. The organic standards include using no chemical or unnatural products and substances. Certification is performed by OCIA (Organic Crop Improvement Association) which is an independent organization that certifies our farming operation for the

USDA.

The dry weather this year has been difficult, with some items late and some smaller than normal. We hope that more rain will come to allow plants to get back to normal. If so, we may also open on Saturday afternoons from 3-6 pm. Check with me if you are interested in Saturday hours.

We look forward to seeing you again this year, starting **Mon., July 11th.**
